## BRAND STORY

---

Theodore Alexander is renowned for timeless style, unmatched craftsmanship, exquisite finishes and extraordinary design. We collaborate with the world's most celebrated designers to handcraft furniture and accessories from diverse materials and with an exceptional eye for detail.

We believe that innovative design and exceptional quality are paramount, and we aim for excellence in designing pieces that stand the test of time.

# Breeze Collection

Organic modern forms are boldly reimagined in Breeze. Across the collection, a striking elegance is conveyed through faceted angles, beveled profiles, sunburst veneers, and unique Dark Sterling hardware. Using a handcrafted wire-brushed pine, each piece is then perfectly finished in a light and subdued Sea Salt.

THEODORE ALEXANDER

Stephen Church

Stephen Church is a Master Cabinetmaker who designs as well as crafts fine furniture following the tradition of English 18<sup>th</sup> century cabinet makers from Adam and Chippendale to Hepplewhite and Sheraton.

## The Stephen Church Collections

Today those traditions are maintained with pride by a selected team of craftsmen working at Theodore Alexander. Stephen acquired a thorough practical knowledge of traditional cabinet making techniques and materials from an early age and has broadened his horizons by working for many years with some of the world's leading furniture specialists. His experienced eye and attention to detail bring together the finest woods and exotic veneers which are finished by hand to Stephen's exacting standards, thus replicating the aged color and patina of the finest pieces created by his famous predecessors.

# ORIGINS

Inspired by an appreciation of Art Deco and Streamline Moderne, the sketches of Paul Maitland-Smith are reimagined in Origins. Long, low profiles, limited ornamentation, and attenuated forms embody the spirit of the collection, while the pieces themselves offer a sense of forward movement that can be both seen and felt.

# SURREY

The Surrey Collection is a careful study of the refined, classical forms of the early 19<sup>th</sup> century. Rounded silhouettes become straightened, asymmetrical ornamentation is carefully balanced, and a sense of depth and weight is added to the once-lighter neoclassical forms. A masterful display of technique and craftsmanship.

# URBANE

Embracing a contemporary, casual aesthetic, the Urbane collection is a fashion forward collection made of wire-brushed pine. The legs are designed to create an eye-catching floating appearance, while its long, slender hardware is inspired by the texture of lizard skin. The Urbane collection debuts in two refined finishes: Campfire and Sundew. From bedrooms to dining rooms, each piece delivers a minimalist charm and artisanal warmth.
