THE KENO BROS. COLLECTION

A PERSONAL WELCOME

Both in our careers and in our years on television we have dealt with heirlooms, pieces that are handed down and treasured by generations. We've personally witnessed the seismic shift occurring among consumers who are yearning for quality products that will stand the test of time. Indeed, almost daily, they ask us, "What can I buy today that will be valuable in the future?"

Driven by our love for antiques, and a passion for sculpture, furniture and rare objects, our vision is to create furnishings that will become the classics of tomorrow. Pieces meant to be coveted that are at the same time easily adaptable in various home environments and incorporate functionality through design and purpose. In fact, our line, is really the essence of what we are all about. It's not about decoration and ornamentation; it's about beauty and quality through and through.

Our hope is for the Keno Bros. line to be appreciated by people of all ages, ranging from the young person who wants to invest in one special piece for their home, to the savviest of collectors who can take pleasure in mixing these pieces with antiques acquired over a lifetime of travels.

Simply put, our goal is to create the heirlooms of tomorrow and we're thrilled you have joined us on the journey. To give you a bit more insight into our inspirations behind the collection, as well as our passion for quality furnishings and design, we've included more about our backgrounds on the following pages. We welcome your feedback and look forward to our mutual success.
