The **Alexa Hampton** Collection

CUSTOM FINISH OPTIONS

## Your Vision. Our Workroom.

---

Alexa Hampton's Custom Finish options open the door to a multitude of colors and finishes. According to Alexa, "The one thing all designers and homeowners should avoid is repeating the same finish or wood tone too often." She is inspired daily by her surroundings, travel, family, clients and colleagues, so why shouldn't you?

Behind the scenes, the Theodore Alexander team expertly manages every detail to order. Theodore Alexander does the work, you take the credit and get to create one-of-a-kind Alexa Hampton pieces that cannot be imagined elsewhere. The possibilities are endless! Let us be your workroom and help bring your vision to life!
